CAUTION

RISK OF ELECTRIC SHOCK DO NOT OPEN

The lightning flash with arrowhead symbol within an equilateral triangle means "electric shock hazard." It is intended to alert the user to the presence of uninsulated "dangerous" voltage within the product enclosure that may be of significant magnitude to constitute a risk of electric shock to persons.

The exclamation point within an equilateral triangle means "Warning/ Caution!" It is intended to alert the user of the presence of important operating and maintaining (servicing) instructions in the literature accompanying the appliance.
